X8 DESKS

Melamine worktops
18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc). They decrease up to 10mm on the outer edge. Sides have a 1,5mm thick ABS edge, matching with the desktop and 1,5mm radius.

Lacquered worktops
Melamine worktops can be lacquered in matt finish.

Glass worktops
The extra white glass tops are10mm thick and tempered; they are painted and scratch resistant on the underside and they are satin and finger print proof on the upper surface. They are fastened through stainless steel linking plates. Edges are smooth polished with 1,5mm x 45° bevel and 10mm radius corners.

Metal structure
Legs and frame are made of 1,5mm thick epoxy painted steel, polyester matt finish, scratchproof and finger print proof. Legs are connected to the frame by means of a die-cast aluminum alloy, polyester epoxy painted in matt finish, fastened with screws. Legs have adjustable levelling feet.

Storage compartment
It's made of 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), 1,5mm thick anti-shock ABS edge. This storage compartment is equipped with a flip top cable tray and a 3-drawer + 1-pen drawer pedestal. The structure and fronts of the pedestals are in 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), 1,5mm thick anti-shock ABS edge. The standard inner sides of the drawers are in metal silver finish with the self-closing mechanism (Soft). Handles are in chromed metal. Drawers run on metal guides and have an inner stop in order to avoid their accidental opening. Pedestals come with lock and folding key.
Storage compartment and pedestal can be lacquered matt finish.

Credenza
It's made of 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), 1,5mm thick anti-shock ABS edge. It has a flip top cable tray on the upper side in extruded aluminum. The back is available in two versions: 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), anti-shock ABS edge 1,5mm thick; 1,5mm thick epoxy painted metal sheet, silk touch effect, fingerprint and scratch proof. The credenza has a shelf, a pen tray and a sliding door made of 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), 1,5mm thick anti-shock ABS edge with extruded aluminum handle; pen tray (fixed under the top) has full extension metal guides.

Modesty panel (optional)
18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), 1,5mm thick anti-shock ABS edge; fastened by means of metal brackets.

X8 MEETING TABLES

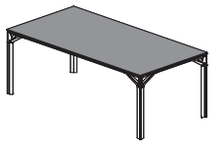

Melamine worktops
18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc). They decrease up to 10mm on the outer edge. Sides have a 1,5mm thick ABS edge, matching with the desktop and 1,5mm radius. 140cm D. boardroom tables tops have cable trays with cover in epodxy painted aluminum and ABS head caps. The flip top cover can be opened from both sides and it has (always on both sides) a brush profile.

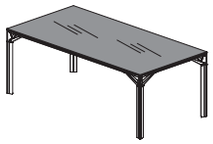

Lacquered worktops
Melamine worktops can be lacquered in matt finish.

Glass worktops
10mm thick tempered extra white glass tops; they are painted and scratch resistant on the underside and satin and finger print proof on the upper surface. They are fastened through stainless steel linking plates. Edges are smooth polished with 1,5mm x 45° bevel and 10mm radius corners. 140cm D. boardroom tables have cable trays with cover in aluminum painted with epoxy powders and ABS head caps. The flip top cover can be opened from both sides and it has (always on both sides) a brush profile.

Metal structures
Legs and frame are made of 1,5mm thick epoxy painted steel, polyester matt finish, scratchproof and finger print proof. Legs are connected to the frame by means of a die-cast aluminum alloy, polyester epoxy painted in matt finish, fastened with screws. Legs have adjustable levelling feet.

Cable managed middle leg
Middle leg is made of tubular metal, the two removable covers (one on each side) are made of 1mm thick polyester painted metal sheet, matt finish, fingerprint proof and scratch proof.
