X7 DESKS

Melamine worktops
18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc). The worktop decreases up to 10mm on the outer edge. Long sides have an 1,5mm thick ABS edge matching with the desktop; short sides edges are finished with a 1,5mm thick x 10mm high chromed profile made out from an aluminium extrusion.

Lacquered worktops
Melamine worktops can be lacquered in matt finish.

Glass worktops
10mm thick tempered extra white glass tops; they are painted and scratch resistant on the underside and they are satin and finger print proof on the upper surface. They are fastened through stainless steel linking plates. Edges are smooth polished with 1,5mm x 45° bevel and 10mm radius corners.

Metal structures
Legs are available in 2 versions, Open and Closed. They are made of 3mm thick steel with a 94x30mm trapezoid shape section. They can be polyester powder coated in matt finish, scratchproof and finger print proof or polished chrome, equipped with adjustable feet. Side beams are made of 1,5mm thick steel with rectangular section 100x40mm and they are epoxy painted and linked to the legs by means screws.

Storage compartment
It's made of 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), anti-shock ABS edge 1,5mm thick. This storage compartment is equipped with a flip top cable tray and a 3-drawer + pen tray pedestal. The structure and fronts of the pedestals are in 18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), anti-shock ABS edge 1,5mm thick. The standard inner sides of the drawers are in metal silver finish with the self-closing mechanism (Soft). Handles are in chromed metal. Drawers run on metal guides and have an inner stop in order to avoid their accidental opening. Pedestals come with lock and folding key.
Storage compartment and pedestal can be lacquerd matt finish.

Modesty panels (optional)
18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc), anti-shock ABS edge 1,5mm thick. Modesty panels can be lacquerd matt finish.

X7 MEETING TABLES

Melamine worktops
18mm thick matt, scratch resistant, non-reflective and washable melamine particleboard (Mfc). The worktop decreases up to 10mm on the outer edge. Long sides have an 1,5mm thick ABS edge matching with the desktop; short sides edges are finished with a 1,5mm thick x 10mm high chromed profile made out from an aluminium extrusion. 140cm D. boardroom table tops have cable trays with cover in aluminum painted with epoxy powders and ABS head caps. The flip top cover can be opened from both sides and it has (always on both sides) a brush profile.

Lacquered worktops
Melamine worktops can be lacquered in matt finish.

Glass worktops
10mm thick tempered extra white glass tops; they are painted and scratch resistant on the underside and they are satin and finger print proof on the upper surface. They are fastened through stainless steel linking plates. Edges are smooth polished with 1,5mm x 45° bevel and 10mm radius corners. 140cm D. boardroom table topshave cable trays with cover in aluminum painted with epoxy powders and ABS head caps. The flip top cover can be opened from both sides and it has (always on both sides) a brush profile.

Metal structures
Legs are available in 2 versions, Open and Closed. They are made of 3mm thick steel with a 94x30mm trapezoid shape section. They can be polyester painted in matt finish, scratchproof and finger print proof or chromed, equipped with adjustable feet. Side beams are made of 1,5mm thick epoxy painted steel with rectangular section 100x40mm, linked to the legs by meansscrews.
