

— task seating

sit clever - work better

The workplace is changing which makes it more important than ever to provide the right kind and mix of seating. To help you create the most versatile, adaptable and engaging spaces of today.

planscape.co.uk

WORKSTATION VS WORKSPACE

Traditional desks and individual workspaces are being pushed aside for break out spaces, work pods and some of the most engaging areas to work in that we've ever seen. However it is not time to say goodbye to the task chair just yet, there is still a time and a place when we need to sit down, get our heads down and concentrate on the task at hand.

THE CLEVER WORKPLACE

The best workspaces are those that provide the right combination of seating areas to suit the individual workforce. The more versatile, adaptable and engaging the space, then the more productive the team. Workspaces must promote communication, networking and collaboration and here at Nomique we provide the right tool kit to create the best space for your team.

SIT CLEVER - WORK BETTER

Our range of task seating aims to please everyone, with multiple options for every chair and lots of ways to personalise each design for the individual. Our bespoke seating gives the user a comfortable and inspiring environment to work in.

With the above as well as plenty of ergonomic features and easy adjustment our task seating helps to boost productivity in the workforce by helping them to "sit clever".

Tally

a different look

Adjustment should be easy and functionality should be standard. This partnered with style and consistency make Tally a popular choice for the ever evolving workplace.

ergonomically shaped high and medium back options

the square design compliments the contemporary office environment

choose between fixed or height adjustable arms

Synchro, ISB and PCB mechanism available

base options: black nylon, satin or polished aluminium

TALLY - FUNCTIONAL STYLE

For a different shape, style and level of functionality many pick Tally as their number one task seating choice.

Tally's squared design suits all contemporary office spaces and with the modular selection of features it is easy to create a chair for the individual whilst still keeping a consistent look and feel through the workplace.

With additional pump up lumbar and seat slide options Tally helps the user to sit better, improving the posture and productivity of the user. For all of these reasons Tally is considered as a popular and reliable task chair.

also available as medium back
