MFC Top desks

Our most elegant collection of desks to date, the Versa Wood stand-ard edge Desk range features solid wooden legs that are lacquered and stained in a modern natural ash finish, with metal inserts for fixing and hidden height levelling feet.

The interchangeable and easily replaced desktop is made from 25mm of super-durable MFC melamine with 2mm thick ABS edging. The desks are easy to assemble with metal-to-metal fixings and only require one tool to construct.

For VersaWood accessories, see pages 9-11
