The **Spacia** conference table is made entirely of Structurex® panels, creating a natural and refined appearance.
Offering generous dimensions, ideal for coworking or collaborative work, **Spacia** has been designed with user comfort in mind.
The mitre cut between the top and the leg gives the **Spacia** table a high-quality finish.

.

1. Double entry top access hatch to install power outlets and to feed cables.
2. Leg and top assembled with 45° mitre cut.

Double entry top access hatch.

Top and leg
25 mm thick Structurex® desk tops. 2 mm thick shock-proof ABS edging.

Assembly
Leg and top assembled with 45° mitre cut.

Modesty panel
25 mm thick Structurex® modesty panel.

Technical description

- 25 mm thick Structurex® desk tops. 2 mm thick shock-proof ABS edging.
- Double entry top access hatch to install power outlets, on a Structurex® shelf positioned between the 2 modesty panels, and to feed cables.
- Leg and top assembled with 45° mitre cut.
- End leg made of 25 mm thick Structurex® panel, 2 mm thick shock-proof ABS edging.
- Recessed intermediate leg to move easily from one desk to the other, composed of a 38 mm thick Nitech® panel, inserted between 2 Structurex® panels (two cable ports route cables discreetly inside).
- 16 mm thick Structurex® modesty panel. 2 mm thick shock-proof ABS edging.
- Adjustable screw feet of stroke 10 mm to compensate for any unevenness in the floor.
- The table is infinitely modular thanks to the extension module on shared leg, with each extension large enough to accommodate 4 additional persons.
