⏱ 4 weeks   🎖 10 year warranty

Kite®

The unique Kite® folding table is simple to move, fold and store. Designed to optimise the meeting experience, Kite® is suitable for all environments from the boardroom to the classroom.

With the Kite® table system everyone has a good line of sight and sits at a defined straight edge with 750mm of personal space; no one straddles a table leg, writes over a seam or is squashed into a corner. The four sided frame provides greater rigidity and durability than traditional I frame centrally supported tables. The patent pending dual-locking castor limits movement, negates the need for linking devices and makes Kite® as stable as fixed-frame furniture.

IMPROVING WELLBEING IN THE WORKPLACE

Specifications & Options

• Unique Kite® shape creates the perfect configuration for any presentation style
• Each delegate has a good line of sight
• Defined 750mm workspace with a straight edge
• Quickly reconfigured by a single person
• Easy to fold, move and store without heavy lifting or the need of a trolley
• As stable as fixed-frame furniture with a rigid and durable 4-sided frame
• Locked castor prevents the need for linking devices
• 50mm levelling ensures table-tops meet flush
• Narrow transit profile fits easily through doors (390mm max) • Modesty panels and cable management can be fitted without compromising folding function
• Quickly and easily assembled by one person
• Compact nesting to maximise space
• 25mm MFC tops
• MFC, veneer and veneer with banded and inlay tops
• Straight and tapered legs
• Kite Shape and Kite Rectangular folding tables tested to BS EN 15372:2008 - Test Level 2
• Credenzas in matching finish
• In table power and data options

Tables will be supplied flat packed. Legs will require fitting.

KTR VBI	Rectangle	1500x750x740	£973											
	Square	750x750												

Step 1. Select the product code to identify table-top, table shape and dimension.

Step 2. Choose a leg option, straight or tapered. This also gives you the price.

Step 3. Select a table-top finish.

Step 4. Check order code.
For this example: KTS 25 + WH + BE

KTS25WHBE
This gives us a Square table with 25mm MFC top that is 750x750x740mm, with straight white legs and a beech table-top finish.

Cost - £512.00

Note: All dimensions are in mm.

1 hole for electrical fixtures

*A pivot unit can be installed in an area 1200mm by 110mm on back edge of the Kite table to avoid interference with the folding frame.
This area is 150mm in from the edges of the table and finishes 110mm from the back edge of the table.

Kite®

Suggested Layouts

Selection of popular 750 seating arrangements using only 4 Kite tables, 2 Rectangular tables and 2 Square tables.

All dimensions in mm.

The two diagrams above have the same floor area. The diagram to the right shows the area converted into a lecture-style arrangement. The tables are shown folded down and nested together on the back wall. Seating capacity is doubled and the tables remain in the room.
