

Metal legs finishes

Tops MFC finishes

Technical description

Fliptop tables

- 25 mm thick Structorex® melamine-coated tops with rounded corners for optimum comfort.
- 70 cm deep to take up minimum space.
- Structure made of 2 elliptical metal legs connected by a beam for perfect stability.
- Ø 75 mm castors with brakes.
- Extremely easy single-handed tilting.
- Vertical and horizontal positions locked.
- Vertical storage of the tables by nesting the legs to save space : 17 cm per extra table in depth and 7 cm in length.
- Structures equipped with buffers to protect the tops in vertical position.
- A connection kit is included to connect the tables together and side by side.

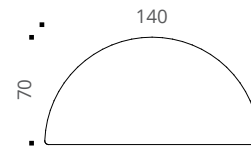

The **Solution** fliptop tables are simple and functional to take best advantage of multipurpose rooms. With their light structure on castors, the tables can be moved around freely, placed where you wish or folded and stored away. The **Solution** tables can be used to create single or multiple compositions for multipurpose rooms, meeting rooms and training rooms.
