

# Elements Core

modular bench system

Twelve Elements with endless possibilities and creative use of fabric make Elements Core ideal for any corporate, hospitality or educational environment. The modular seating range incorporates single and two seat benches, which are available with a straight back or a corner back to introduce armrests. Two power units and optional power supply in the arms caters for the needs of any working environment. Elements has solid beech legs as standard, optional eco chrome legs are available. Elements core is also available as two seat sofa.

Elements Core is 95% recyclable and its environmentally friendly wood construction is FSC certified.

Elements Core can be upgraded with Elements Plus panels to create a high back version for more privacy.
